

January 10, 2026: Documenting the Truth Years Ahead of the News

FOR YEARS NOW, these ongoing attempts to agitate and communicate with me inside of my home through the symbolic use of engines and other various sound producing instruments has led me to warn the world of three important facts that are all provable in today's news:

1. DONALD TRUMP IS MAKING SYMBOLIC 'SIGN LANGUAGE' THREATS AND IS USING THE POLICE AS ATTACK DOGS TO KEEP HIS POLITICAL FORCES 'ALIGNED' (LIKE TEETH AT A DENTIST, RIGHT DONALD?)

President **Donald Trump** fired off a barrage of social media posts attacking a laundry list of enemies at around the same time he wrapped up a mystery dentist's visit.

Marjorie Taylor Greene reports threats, fake pizza ...

Nov 16, 2025 — Greene posted that she previously endured "dozens of swatting calls on my house and my family members homes" when she campaigned for Trump ...

2. THE USA MILITARY IS USING SONIC WEAPONS OF ACOUSTIC BOMBARDMENT TO ATTACK PEOPLE AS NON-LETHAL FORCES OF OPPRESSION AND AGGRESSION

Press Secretary Karoline Leavitt retweeted the account on X, showing off the American muscles used to **raid the home of the socialist leader** and arrest him. The security guard, whose identity was not disclosed, described a "massacre" as they found themselves out-gunned and out-droned before the U.S. supposedly launched a "sonic" weapon that caused vomiting and nosebleeds.

3. THE USA MILITARY IS THREATENING TO INVADE OTHER COUNTRIES AS A HOSTILE FORCE ('THE HARD WAY' IF NECESSARY)

I specifically warned the world that this team was making overtly aggressive symbolic communications about their intentions of invading and going to war with countries.

President Donald Trump continued his threats towards Greenland on Friday, as he insisted that if the United States did not act Russia or China could occupy it in the future.

Trump said that if he is unable to make a deal to acquire the territory "the easy way," then he will have to "do it the hard way."

Every single thing that I have been documenting (including the use of a gunman to threaten me in my own front yard) is true and is attributable to the Donald Trump administration and their quest to be elected as President of the United States of America.

Donald Trump is the worst 'president' that I have ever witnessed in my lifetime and I have lived through the worst of the worst (and have been tuned in and documenting their crimes the entire time). **(Donald, I truly hope that you receive some help for your mental illness. Whatever drives you to rage against my home every day is your own problem - and it's not my fault.)**

America's government is being run by a group of criminals within the United States Military and they have placed Donald Trump to be their threatening, felonious, spokesperson. America no longer exists in the way that we were taught in schools. **Protect your own lives accordingly.**
